The amendment received 21 December 2007 has been made of record. Claims 1-26 are pending.

The rejections under 35 USC 112 contained in the previous office action are withdrawn in view of applicants' amendments.

Claims 1-3, 6-23 and 25 are rejected under 35 U.S.C. 102(b) as being anticipated by Lieberman '713.

Claims 24 and 26 are rejected under 35 U.S.C. 103(a) as being unpatentable over Lieberman '713.

Each of these rejections are maintained for reasons of record.

Applicants have argued that Lieberman fails to disclose "an indicator which indicates..." It is the position of the examiner that the step, by the reference, of passing the recycled plastic on to its final use constitutes an indicator of the history of the material as passing one of the many tests disclosed by the reference.

Applicants have argued that the reference fails to meet the limitations of instant claim 6. This limitation, however, does not require the sorter to distinguish an anti-static agent containing resin from a resin without anti-static additive. It only requires that it separate a resin containing an anti-static agent. Thus, a sorter which separates resins containing an anti-static agent from other resins based on some other criteria such as type of resin etc. meets this limitation.

Claims 4 and 5 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
